Friendship sprouts from an

Aha!

When I see myself in someone else,
a **bond** begins to grow.

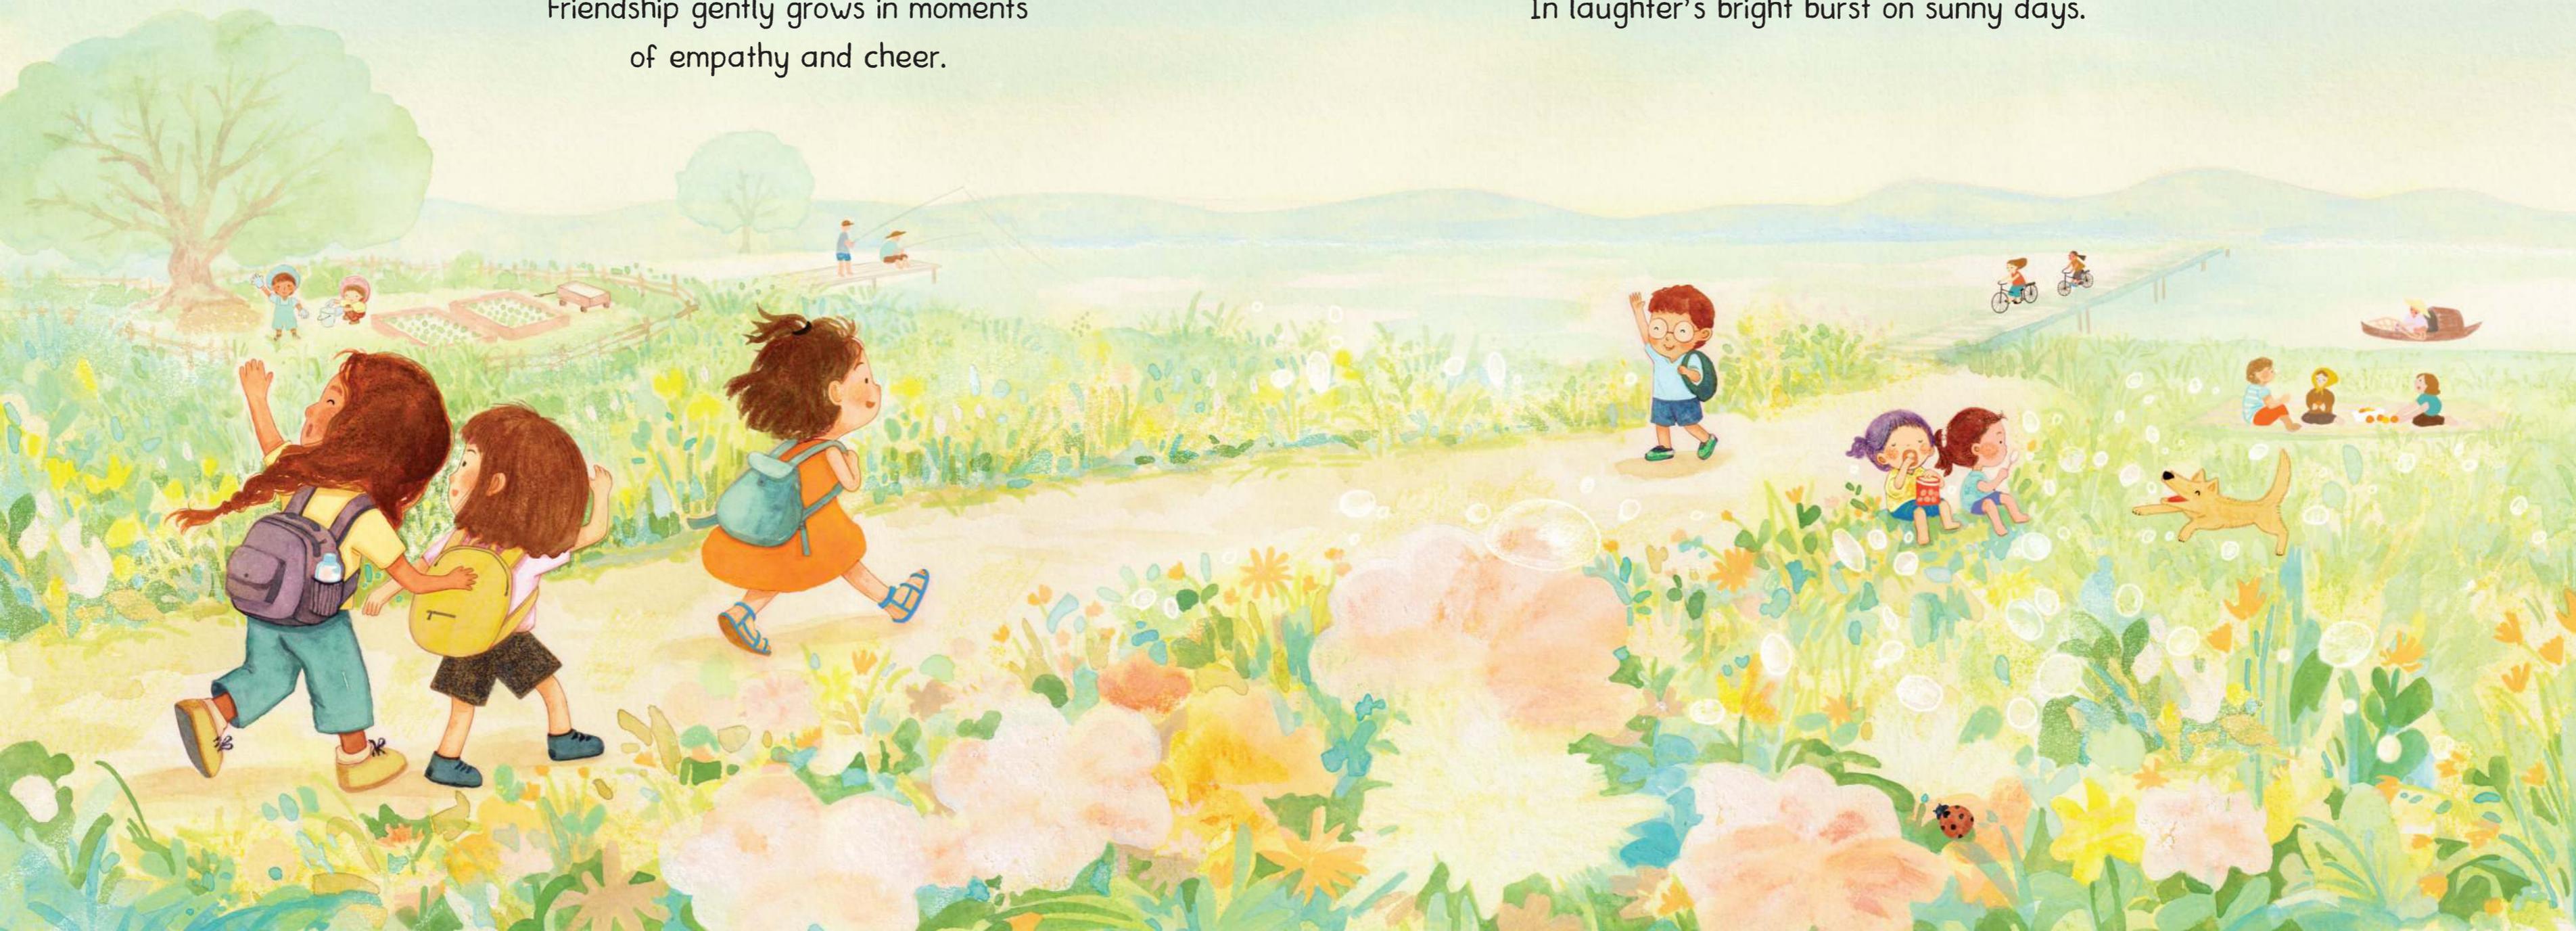

When my heart learns how to **care**.

When your heart is the safe for
my **deepest thoughts and dreams unshared**.

Friendship gently grows in moments
of empathy and cheer.

In laughter's bright burst on sunny days.

In drifting doubts curling up near.

All embraced in an **extraordinary** chest of memories,

Uniquely **OURS**, held ever dear.
